Subject: New deals for VW Group

AD Plastik won a nomination for the production of inner weatherstrip sets for the vehicle Audi Q3 and a nomination for the production of wheel arch shields (front) for VW Tiguan. Inner weatherstrips for Audi Q3, another vehicle from the VW Group, shall be produced at the extrusion plant in Solin, and the start of production is planned for September 2018. The expected project duration is 7 years, with planned production volume of 140,000 vehicles per year. Wheel arch shields for VW Tiguan shall be produced at the AD Plastik plant in Kaluga, Russia, and the start of production is scheduled for February 2018. The expected project duration is 4 years, with planned production volume of 22,000 vehicles per year.

Overall estimated annual revenue from these nominations amounts to about EUR 750,000 at the level of AD Plastik Group.
