Subject: New deals with Fiat

AD Plastik d.d., Matoševa 8, Solin (hereinafter: the Company) has been nominated for the production of painted instrument panel components, painted bumper components, air duct connectors and gear stick covers for the vehicle Fiat 500. These components related to this project will be produced at three production plants of AD Plastik Group – in Solin, Zagreb and Mladenovac. According to current information from the buyer, a serial production is planned for the beginning of 2017 at the plant FCA Kragujevac in Serbia.

Expected Company's annual revenue from this project for the full year of production amounts to more than 6 million euros. This nomination is a Company's first nomination related to painting technology for FCA Group.
